Florida Fraud Resolution---Failure to Pass for Want of a Quorum.

By Telegraph to the News.

WASHINGTON, May 13.—SENATE.—Among the bills introduced during the morning hour was one by Johnston, of Virginia, to levy a tax on the sale of spirituous and malt liquors in bar rooms, and all places where intoxicants are sold by the drink in the District of Columbia. Referred to the District Committee. It provides for the introduction of the Moffett bell punch in district bar rooms.

Potter, of New York, has presented a resolution directing an investigation to be held by a select committee into the alleged frauds of the commitiee in Florida, in the late Presidential election. The resolution contains the names of Edward Noyes and John Sherman, in connection with the frauds. The Speaker has not, as yet, ruled as to whether the resolution contains a question of privilege.

HOUSE.—The long threatened resolution looking to an investigation of the alleged electoral frauds in Florida and Louisiana was sprung upon the House to day.

Potter, of New York, was chosen by the caucus committee to offer the resolution and to steer it through all the rocks and quicksands of opposition safely into harbor. He performed his part of the duty with great tact and discretion, although he did not succeed in consequence of the adverse tactics of the Republicans, in getting his venture safely into port. The resolution recites the memorial of the Maryland legislature, complaining that full force and effect had not been given to the electoral vote through election frauds perpetrated in the States of Louisiana and Florida, and it provides for a select committee of eleven members to investigate the allegations made by McLin, Chairman of the Florida Returning Board, and also allegations of fraud perpetrated in the Parishes of East and West Feliciana, and other Parishes in Louisiana, with power to act by subcommittees, to set during the recess and to report at any time.

Questions of order were raised that the resolution was not a question of privilege; that the chairmen of subcommittees could not be authorized to administer oaths; that permission to sit during the recess could only be given under a suspension of the rules; and that the power to report at any time also required a like suspension of the rules. All these points were ruled by the Speaker against the Republicans, except the last one, which the Speaker sustained, and thereupon the resolution was modified by striking out the power to report at any time, (which power, however, the committee has on the ground of its being a question of high privilege.) The previous question was then moved by Potter, who declined to allow an amendment to be offered on the Republican side, to extend the scope of the investigation to the States of South Carolina and Mississippi. This refusal was put upon the ground that the only frauds that were operative and effective were those committed in regard to the electoral votes of Florida and Louisiana, and that if the Republicans desired investigation outside of these States, they should offer a distinct resolution for that purpose, which resolution the Democrats promised to vote for.

This proposition, however, did not suit the views of the Republicans, who threw themselves back upon parliamentary tactics, and notified the Democrats that if the latter wanted to pass their resolution without allowing amendments to be offered they must do so without the aid of the Republicans. In pursuance of that intimation the Republicans refrained from voting on the motion for the previous question, thus leaving the House without a quorum. The Democrats, realizing their powerlessness under the circumstances, voted to adjourn. The Republicans, meanwhile taunting them with showing signs of weakness too early.

To this the Democrats retorted in kind, promising to keep the question before the House (as they can under this call for the previous question) to the exclusion of all other business until the presence of enough Democrats be secured to constitute a quorum without the need of a single Republican vote. To do this they will require the presence of thirty Democratic members, in addition to those in the House to-day. This was the condition of affairs when the House adjourned.

SENATE.—The Senate to-day was principally engaged in discussing the postoffice appropriation bill.

Mr. Butler, of South Carolina, presented a petition signed by a large number of the citizens of Columbia, S. C., favoring a repeal of that portion of the National Rank act imposing a tax of 10 per cent. upon State bank circulation. Referred to the committee on Finance.

Mr. Withers, of Virginia, presented resolutions of the Richmond Chamber of Commerce, favoring the repeal of the Bankrupt act. Laid on the table.

EUROPEAN NEWS.

Russian Occupation of the Fortresses near Constantinople--Consternation in the Cabinet--Little Hope from Negotiations--War Subscriptions for Russian Fleet.

By Cable to the News.

LONDON, May 13.—Special Constantinople telegrams state that in consequence of the peremptory demand of General Todleben for the surrender of the fortresses, accompanied by a threat to occupy Constantinople, the Cabinet Council decided to evacuate all three of the fortress, Shumla first, then Varna, and lastly Batoum. This decision was taken rather suddenly, upon the report of Osman Pasha that the Turkish army was not in a condition to resist the reoccupation of Constantinople.

The *Times'* correspondent at Constantinople, says, as usual the palace was smitten with terror, and was ready to cede anything if the Russians would go away from Constantinople. General Todleben peremptorily urged the evacuation, but adroitly offered to fall back if the fortresses were surrendered. The bait was swallowed and the Russians have promised, so my informant assures me, to retire to Adrianople and Dedeagotch, and quit Erzeroum as soon as the three fortresses are evacuated. The evacuation will begin at once. There is to be no written Convention, and all will be settled by verbal agreement.

A special to the *Times* from Bucharest reports that the Russians are forming an entrenched camp at Fakchani.

The peasants in Roumanian Bessarabia have ceased to pay taxes to the Roumanian officials, and the country is practically taken over by Russians.

The Vienna correspondent of the *Times* says: There seems to be a growing impression that if Count Schouvaloff makes it clear that the differences between England and Russia are not irreconciliable, the latter will withdraw her opposition to the demand of England that the whole treaty be placed before the Congress.

The *Times'* St. Petersburg correspondent confirms this, but says it is felt there that there is no use making any concession unless there is reasonable chance that war will be avoided.

ST. PETERSBURG, May 13.—Count Schouvaloff arrived yesterday.

An official messenger publishes the proclamation calling for subscriptions for the organization of a volunteer fleet in order to defend a just cause, in case an adversary of Russia should provoke war. Contributions will be received in St. Petersburg, Moscow, and other towns. The Czarewitch will receive subscriptions made in St. Petersburg.

LONDON, May 13.—A special to the *Times*, from Pera, says that the question of the fortresses stands where it was. Whether the decision of the Cabinet has been officially communicated to the Russians or not, is doubtful, except as regards Shumla, but no action yet has been taken upon that decision. The decision referred to was the evacuation of Shumla, Varna and Batoum, in consequence of General Todleben's peremptory demand for their surrender.

The *Times'* despatch also says that the Russians declare that even if the Turks surrender the fortresses, then the troops will only be withdrawn from before Constantinople when the British fleet retires. Thus, to all appearances, the Porte and Muscovites are at cross purposes.

The arrival of cavalry and infantry reinforcements at San Stefano has been rumored. There is uneasiness and apprehension of *coup de main*.

LONDON, May 13.—The Sardinian has been floated, and will return to Liverpool immediately.

In the House of Commons, this afternoon, Sir Stafford Northcote, Chancellor of the Exchequer, declined to fix a day for the discussion of the resolution of Mr. Chamberlain, (Radical) concerning the government's foreign policy. The Chancellor also, in response to an inquiry of Sir Henry James, (liberal) member for Taunton, whether the British troops in Europe do not exceed the number authorized by Parliament, said that the Indian forces were never included in the act fixing the number of the British army. The latter, he said, is about seven hundred and fifteen above the estimates, in consequence of the fluctuation in recruiting. Lord Hartington, leader of the Liberals, announced that he would shortly move a resolution that no forces be raised or kept by the Crown in time of peace, save within India, without the sanction of Parliament. Sir Stafford Northcote said that he hoped to submit the supplementary estimate to-day fortnight, when Lord Hartington's resolution might be discussed.

In the House of Lords, Lord Granville (Liberal) gave notice of a question as to whether the employment of Indian troops in Europe without the sanction of Parliament is lawful.

The Strike in England.

By Cable to the News.

LONDON, May 13.—A special to the *Standard* from Manchester, says: Symptoms of a compromise are showing themselves. A request has been made to the master's secretary for an interview with his principals on Tuesday.

The cotton masters have granted the operatives' request made by the former's secretary, for an interview with his principals on Tuesday. It is believed a compromise will now be effected any how, at present, at Barnley and other places where the operatives are willing to submit to a reduction.

The Cold Snap North.

By Telegraph to the News.

PORT JERVIS, N. Y., May 13.—A heavy frost in this section last night destroyed considerable young vegetation. Ice formed in some localities.

MAUCH CHUNK, PA., May 13.—The weather has been extremely cold for the past few days, with slight snows. A heavy frost this morning did some damage to crops.

Sudden Death.

By telegraph to the News.

WASHINGTON, May 13.—Professor Joseph Henry, Secretary of the Smithsonian Institute, died here to-day. He had been ill for some time with Bright's disease of the kidneys. He died in full consciousness and intelligence. His serious illness was the subject of great concern, and prayers for his recovery were yesterday offered at many churches in the city.

Miscellaneous Telegrams.

SAN FRANCISCO, CAL., May 13.—Thaddeus Amat, a Roman Catholic Bishop of Monterey and Los Angeles, died at Los Angeles yesterday, aged 67 years.

NEW YORK, May 13.—Gen'l Dakin, of the International Rifle shooting fame, died this morning at 6:30 o'clock, of heart disease. He attended Plymouth church last evening in good health.

LONDON, May 13.—It does not appear from the Roll case of the passengers of the steamer "Sardinian," on which an explosion of coal gas occurred, that the disaster was more extensive than reported. Operations for raising the vessel have commenced.

SOUTHERN BAPTIST CONVENTION.

A Pleasant Matrimonial Affair--Methodist Veterans in Atlanta--Organization and Proceedings of the Southern Baptist Convention--General Theological Seminary of the Baptists at Louisville, Ky.

Special Correspondence of the NEWS.

NASHVILLE, TENN., May 10th, 1878.

Stopping on the way to Nashville, Tenn., at Gastonia, a rising village some twenty miles southwest from Charlotte, your correspondent had the privilege of officiating at the marriage of Mr. L. M. Hoffman and Miss Jennie M., youngest daughter of Col. D. A. Jenkins, late Treasurer of North Carolina. Mr. Hoffman is a young lawyer of much promise, a native of Gaston county, a graduate of Davidson College, and a resident of Jacksonport, Ark. The new and handsome residence of the bride's father was made to put on its best holiday attire by the presence of a number of lady friends and the ornamentation of many beautiful flowers, while the elegant supper furnished, and the agreeable company present, made the affair one of peculiar enjoyment. His Honor, Judge Cox, who was holding court in the county, and Mr. Donald Bain, of Raleigh, graced the occasion with their presence.

METHODIST GENERAL CONFERENCE.

In Atlanta, our company, consisting of Col. J. M. Heck, Dr. J. C. Hiden, of South Carolina, and myself, looked in for an hour or two upon the General Conference of the Methodists, South. There was a lively and able debate in progress, involving the eligibility of a Mr. Dameron, of Missouri, to a seat in the Conference.

The Conference impressed me as a body of able and splendid looking men

VETERANS IN THE CAUSE.

At the same table with our party at the Kimball House were three Methodist veterans, Dr. Lovick Pierce, Bishop Pierce, his son, and Dr. J. B. McFerrin. Dr. Pierce is the oldest Methodist preacher in the United States, and has been a mighty man of valor in his day. Bishop P. was twenty years ago the most eloquent pulpit orator of his church in the South, and one of the finest looking men in the land—he is now old and in feeble health; while Dr. McFerrin has been for more than forty years a most active, enterprising and effective preacher of the gospel and promoter of the cause of missions. It pained me to note the failing strength of these two great and good men, who must soon pass to their reward.

SOUTHERN BAPTIST CONVENTION.

This body, which represents the largest constituency of any denomination in the South, met in Nashville, Tenn., at 10 A. M., May the 9th. Rev. J. P. Boyer, D.D., L. L. D., President of the Theological Seminary at Louisville, was re-elected President. Rev. J. B. Jeter, D.D., of Va.; Rev. W. C. Crane, D.D., of Texas; Rev. E. T. Winkler, D. D., of Alabama; and Rev. T. G. Jones, D.D., of Tenn., Vice-Presidents. Rev. C. E. W. Dobbs, of Kentucky, and Mr. W. E. Tanner, of Virginia, were chosen as secretaries.

The delegation present is about 250, though there are perhaps 100 more prominent ministers and laymen of Baptist churches in attendance.

During the organization some very affecting speeches were made by several veterans in the ministry: Dr. J. B. Jeter, of Virginia; Mr. Kimbro, of Tennessee; Mr. Plaster, of Tenn., and others. These good old men brought up the scenes of former services of the Convention, especially one held in Nashville in 1851—27 years ago. They spoke with great pathos and power, of the fathers, Drs. Fuller, Howell, Manly, Poindexter, Wm. T. Broaddus, Dawson and many others, who have gone home to glory, and urged the younger ministers of the body to emulate the virtues which had so eminently distinguished them.

REPORTS OF BOARDS.

Dr. H. A. Tupper read the report of Foreign Missions. The receipts of this cause have been $40,000 during the year—present liabilities of the Board about $4,500. The Chinese and African Missions were reported in a prosperous condition. The Italian Mission has ten stations and twelve evangelists. Thirty-two persons have been baptized during the year, and a chapel has at last been purchased in Rome, at a cost of $26,000.

WOMAN'S WORK.

Much attention was given to woman's work for Missions, in the report of Dr. Tupper, and the following resolutions were offered by Rev. W. A. Whitsitt, of Kentucky:

WHEREAS, the ladies of our denomination, within the bounds of the Southern Baptist Convention, have already displayed considerable activity, and have accomplished much good, by organizing societies auxiliary to the Foreign Mission Board, for the purpose of sending the gospel to woman in our foreign mission fields;

WHEREAS, the Convention appreciates very highly the zeal and usefulness of the ladies who have been engaged in this work, and desires to see it prosecuted still more extensively and with greater system;

Resolved, that we recommend to our sisters, the propriety and necessity of organizing and prosecuting a plan of some kind by which all the Southern States alike shall be induced to engage in this work.

Resolved, that we consider it of the greatest importance that this work shall be conducted under the auspices of the Southern Baptist Convention, and that any organization which may be effected, should be auxiliary to our Boards for Foreign Missions.

Rev. Mr. Winkler, of Alabama, moved to amend by inserting "Home and" in the first preamble before the word Foreign; also to add "and of extending its blessings to the destitute in our own lands," where the words Foreign Missions occur again at the close of the same preamble; also to insert "Home and" before the word Foreign at the close of the resolutions.

The amendments were adopted, and the resolutions were referred to the Committee on Woman's Work.

FURTHER REPORTS.

Report of Dr. W. H. McIntosh, Secretary of the Board of Home Missions, located at Marion, Alabama, was then read. This Board had twenty missionaries employed and had raised $13,000. It owes something over $5,000, and devotes much of its energies to the preaching of the gospel among the Indians. Different parts of this report, as well as that on Foreign Missions, were referred to special committees.

THE THEOLOGICAL SEMINARY.

The Seminary was removed from Greenville, S. C., to Louisville, Ky., last summer, and the first year of its history in its new location is most gratifying to its friends. Last term it had 90 students, more by 22 than it ever had before, and more than any other Baptist Theological school has in this country. The number of students from the Atlantic States has not fallen off, as was feared by its removal to Kentucky, and the actual cost of living in Louisville is found to be less than in Greenville. The Seminary provides furnished dormitories for the students, and has aided with board and half the expense of text-books 52 young ministers, at an expense of nearly four thousand dollars.

The cost of the board of a student per month is only $8 50.

The Seminary reports the pledge of Kentucky to give it $300,000 nearly redeemed, and that efforts are being made to raise $200,000 in the other Southern States. Under the agency of Rev. R. H. Griffith, North Carolina had subscribed over $15,000; Georgia, $27,000; Alabama, $9,000. In several of the States no special effort has yet been made to raise money.

DISTINGUISHED VISITORS.

Dr. S. S. Cutting, Corresponding Secretary of the Home Mission Board of the Northern Baptists; the Rev. J. D. Fuller, DD., of Brooklyn; Rev. J. D. Loshu, DD., editor of the *Journal and Messenger* of Cincinnati; Rev. T. G. Thearle, of Chicago, and Smith Shelden, of the Publishing House of Shelden & Co., New York, are here as visitors.

THE CITY.

Nashville is a beautiful city and has many public institutions of great interest, of which I propose to tell your readers, when I have time to look around a little. T. H. P.

THE WEST.

Schenck in the Transmontane--Smith for Chief Justice.

Correspondence of the News.

ASHEVILLE, N. C., May 6, 1878.

I returned from Franklin on yesterday; having been there a week in attendance on Macon Superior court, Judge Schenck presiding. Though the Judge had been quite ill at Murphy, and was unable to get to Clay court till Wednesday, yet he was himself again at Franklin, and opened the court on Monday morning, and disposed of the business in his usual way,—most satisfactory to all good citizens and to the terror of evil doers. Indeed, so very satisfactory is his manner of dispensing justice, that he has become a great favorite with our western people, those who are opposed to him in politics being always ready to accord to him fairness and impartiality on the bench; and to such an extent has he grown in the estimation of all, that we are united in our desire and anxiety to see him called up higher, and asked to take a place on the Supreme Court bench. Nearly every county west of the Ridge has expressed in his favor for one of the associate justices; and so anxious are they for his promotion to that position, and so confident that he will receive the nomination, that it will be a sad disappointment to all, if any other course should be taken at the State Convention.

SMITH FOR CHIEF JUSTICE.

And when we have Smith at the head of the Supreme Court, with Schenck from the west on one side, and Howard, or Hill, or Winston, or McCoy, or some other good man from the east on the other, we will then have a court of last resort, whose character and opinions will challenge the admiration of all that portion of the world where the common law is held in esteem by the people. So, if you want to please the sovereigns of the west, hoist the names of Smith and Schenck, and the victory is won.

Yours, very truly,
C. M. MCLOUD.

DAVIE COUNTY.

The Railroad Project.

Correspondence of the News.

MOCKSVILLE, May 11, 1878.

For some time the people of Danville and Winston have been agitating the subject of building a railroad from Danville to Statesville or to Mooresville by way of Winston, Mocksville and other towns. It is said that if this road could be built it would be the most direct line South of any road that could run through North Carolina. The people of Davie held a railroad meeting on the 7th, and appointed five delegates from each township in the county to attend the general railroad meeting, to be held in Winston on the 14th of this month. At which time and place delegations from all along the proposed line are expected to be present.

LOW PRICE OF PRODUCE.

The prices of tobacco are so low now that we understand that several farmers of this county are actually putting their tobacco out on their fields as a fertilizer. At this time our farmers cannot sell their corn in this county for cash, at any price. We certainly *need* a railroad or something else to bring along better times.

The Inferior Court meets next week.

New York *Tribune:* The new flying machine which was exhibited at Fairmount Park, Philadelphia, on Wednesday, looks like a velocipede on runners with a balloon canopy. The operator sits in a small seat and puts his feet in the stirrups. In front of him is a crank by which the main propeller at the bottom of the machine is controlled. These paddles breast the air like wings. Another one serves as a rudder, being connected with the stirrups by metallic bars. The balloon is twenty-five feet in length and twelve feet in diameter. The inventor says: "The principle on which I established my idea was that of the flying of birds. I held that if birds could supply the impetus of flying, and change their course, invention could do the same for man. This cylinder I have arranged shall carry about 98 per cent of the total weight. The operator, in moving the wings, is supposed to possess the muscular weight of a dozen eagles." The trial trips of the flying machine were not remarkably successful. The rubber and metal bird rose forty feet and moved through the air, but the operator did not seem to know how to manage the crank and the stirrups.

A bill to prevent gambling in the army was called up in the Senate yesterday. The provisions of the bill might be broadened so as to prevent the men from getting into debt, feeling blue, indulging in profanity, or fighting.

ATLANTA CONFERENCE.

From our Special Reporter.

ATLANTA, GA., May 11th, 1878.

TENTH DAY.

The General Conference convened to day at 9 A. M. Religious services conducted by J. B. West, D. D., of Tennessee, Bishop Wightman, of South Carolina presiding. He is a most excellent presiding officer. Accomplished and polite, always courteous and kind, he wins the esteem of all who are thrown with him.

Several new arrivals were reported and leave of absence granted to several.

REPORTS OF STANDING COMMITTEES.

The committee on education submitted a report on the importance of educating the colored people, and it was laid on the table until it could be published in the *Daily Advocate*. The committee on Finance submitted several reports, one of which provoked quite an animated discussion. It was in regard to the fixing of the salaries of the Book Agent, editors &c., of the Nashville Publishing House, and other General Conference officers. Some thought these salaries ought to be fixed by the General Conference—others thought they ought to be fixed by the appropriate committees. No action was taken in the matter.

DR. LOVICK PIERCE SPEAKS.

The chair announced to the Conference that Dr. Lovick Pierce wanted to say a few words. The Conference and visitors became perfectly quiet and seemed extremely anious to catch every word that this aged man of God had to say. Dr. Pierce came forward upon the rostrum and leaning on his cane addressed the Conference. He said he was thankful to the Conference for all the honors that had been conferred on him, that he knew these honors were not conferred on him so much for what he was now, as for what he had been—he said, however, what was left of him was as good as it ever was. He did'nt know whether he would be able to preach during the Conference or not, if he could he would with pleasure. He desired sometime next week, if he was able, to suggest some changes in the discipline and to give his reasons for suggesting these changes, if the General Conference would grant him the privilege. Granted with pleasure. It is beautiful to see how the members of the Conference, Bishops and all, seem to love this old man. He has been a hero in the history of Southern Methodism. It is touching to see him and his son, Bishop Pierce, walking arm in arm to and from the Conference room.

A CHANGE IN THE DISCIPLINE.

A small change was made in the discipline to-day. On page 151 it now reads "Let Sunday Schools be formed in all our congregations where ten children can be collected for that purpose." The word *persons* was substituted to-day for the word *children*. You can readily see the difference in the reading before and since the change.

The last regular call for memorials, petitions and resolutions was made to-day, so we shall have rest from them awhile. It is certainly time to discontinue presenting them.

A report from the Committee on Finance was presented to-day, recommending that a Preacher's Relief Society be formed in every Conference. Among others Dr. Wilson, of North Carolina, spoke against the measure. The report was not adopted.

The session to-day was shorter and the proceedings not so interesting as usual.

After the announcements for preaching to-morrow the Conference adjourned.

SPECIAL REMARKS.

Among the appointments for services to-morrow Dr Wilson, of Greensboro, N. C., preaches in the First Presbyterian Church at 8 p. m. Rev. W. S. Black, of Raleigh, N. C., preaches at Evans' Chapel at 11 a. m., and Dr. J. W. North, of Shelby, N.C., preaches at Acworth, near the city, at 11 a. m.

Rev. H. P. Cole, of the N. C. Conference, and his bride arrived in the city on yesterday and will remain here sometime, in attendance upon the Conference, also Rev. T. W. Guthrie, of the N. C. Conference, is here on a visit to the General Conference.

A visiting brother from North Carolina forgot that he was not a delegate to the General Conference and arose to vote on a motion before the Conference yesterday, when he was gently reminded by a friend sitting near of his mistake. Another visiting brother from North Carolina, walking up one of the main streets of the city yesterday, and seeing a nicely dressed little girl walking along in front of him with her face hid back in her little bonnet, approached her tenderly and spoke to her with a view to cultivate the little thing's acquaintance, when her little face popped out of her bonnet and *it was a little negro*. He looked around to see if anybody saw him. R.

The Fashions.

New York Letter.

Summer fabrics are in great demand, and they are unusually varied and beautiful this year. Cambrics are seen in all the stylish dark shades so popular last season, and also in light or white grounds, striped, checked, and figured with red, blue and black. Lawns are lovlier and more delicate than ever, and come in the softest shades of French gray, ellac, ecru, Nile green and pearl, with borders of blush roses, forget-me-nots and pinks for trimmings. Bunting is much used, especially for seaside suits, and comes in black, navy blue and seal brown, as well as the pale tints which look so cool. French lace is the favorite garniture for them, though of course the lighter colors are more frequently trimmed with torchon lace and knife-pleatings. Grenadines are increasing in variety, beauty and costliness year by year, and it is hard to imagine anything richer and more elegant than the velvet-striped ones at five dollars a yard, or the satin-striped at a trifle less. They are frequently made up in combination with velvet and satin, and as they come in colors, as well as in black and white, all tastes must be gratified. There is an almost endless variety of other fabrics, beiges, snow-flakes, camel's hair, and even the old-fashioned bareges revived, so that there never was a time when such latitude was allowed, not only to individual tastes, but to individual purses also. *Lingerie* is now bought ready-made almost exclusively by all but the very wealthiest ladies, as it is very cheap, and, being cut after the best models, is really desirable. Torchon lace is still the most approved trimming, though Hamburg edgings will always be in fashion.

Hosiery grows more and more fanciful and highly colored as the season for slipper-wear advances. Lisle thread stockings of pale pink, blue and gray, are elaborately embroidered or open-work, either in contrasting or self colors, while the lower-priced novelties are diversified, by all imaginable stripes, checks and clocks.—Parasols are rather smaller, and are all trimmed with French lace, fringe or self trimmings, and should always correspond with the dress in color fabric and general style. Shade hats for country wear are almost all of fine Leghorn straw, richly and becomingly trimmed with pale plum satin ribbons. Marie Stuart shape is perhaps the latest revival in bonnets, but there is really little change in these things to record.

MURDER TRIAL AT WILSON.

Jury Empanelled and Trial Progressing.

Special dispatch to the News.

WILSON, May 13th, 1878.

The trial of Waitman Thompson for the murder of his wife in Wayne county last fall, began here to-day, at two o'clock, before Judge Kerr. The following jury was drawn:—Moses Rountree, Robt. W. Hines, J. H. Ellis, Daniel Jordan, B. Boswell, James Draughn, Cofield Barnes, J. F. Wiggins, John Tomlinson, W. W. Farmer, J. W. Thorn, and Jesse Haynes.

The State is represented by L. J. Moore, Esq., and Hon. W. T. Dortch; the defendant by Messrs. H. F. Grainger, John F. Wooten, F. A, Woodard, H. G. Connor.

Six witnesses were examined before adjournment. The trial is expected to occupy the entire week.

Intense interest is manifested in the case, both here and in Wayne; and to the legal profession it will be interesting, as the evidence against the prisoner is circumstantial, and every inch of ground will be stubbornly contested by his able aray of counsel.

The jury is a most excellent one, and the accused may rely on a fair trial.

A CARD.

RALEIGH, May 13, 1878.

To the Editor of the News:

Please insert the enclosed card in the NEWS, and oblige

C. D. RICE.

To the Public.

I would state that a copy of my card, published in the issue of the Raleigh NEWS of the 11th inst., was sent to the *Observer* with the request to publish. This paper refused to publish it, and addressed me the following note through a communication to Maj. Hearne:

"If Mr. Rice will send us a truthful account of his visit to the *Observer* office, it will be printed with great pleasure.

"Or if Mr. Rice will send us the letter of Mr. Jacocks, or a copy thereof verified by Maj. Hearne, he will at once be relieved of his present status. The copy sent us gives the lie direct to Mr. Jacocks' letter to us, and unless necessary we do not care to get him (Mr. Jacocks), into a fuss with himself.

[Signed.] H. & S."

I scorn to comply with this suggestion, as beneath the dignity of a gentleman of veracity. The statements I made are correct and cannot be gainsay.

The original letter of explanation, from Mr. Jacocks to me, as published in my card, has been left at the NEWS office subject to public inspection.

French and English Press.

Foreign Letter.

Behold the mouthpieces of the people of Paris and London. The contrast between the press of these two cities is immense. The London "Times" would drive a Parisian to instant suicide. The Paris "Figaro" would make a cockney a maniac in a week. Paris excels London both in the number and in the circulation of its daily newspapers—Very few Londoners know who write the editorials of "the great dailies," who are the moulders and reconstructors of public opinion. Impersonality is a cardinal feature in the London press. In Paris the name of the writer of every "leading article" in the press is appended. "He wears his heart upon his sleeve for every daw to peck at." He avows the courage with the personality of his opinions. Most of the London press writers live and die unknown. Most of the Paris press writers become public men, live in office and die in—a duel.

Great hostility is manifested in Russia towards General Ignatieff, says a correspondent of the *London Times*. He adds: "The friend who told me this said he had heard last week, in one of the most brilliant drawing rooms in St. Petersburg, a conversation in which a young Russian proposed to wager a large sum that General Ignatieff could not speak for three minutes without one of the following phrases: 'I never tell falsehoods.' 'You may believe what I say.' 'I tell you it, so it is true.' 'I am like my father, I always speak the truth, on my word of honor, and you know I seldom give it.' 'Believe what I tell you.' 'What interest have I in concealing the truth from you?' 'People are wrong not to believe me.' 'Falsehoods are useless when one has good intentions.' 'I have done everything, and I am the most attacked.'"

From Across the Continent.

Mr John Stiff, of Scio, Oregon, writes that Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery cured his wife of catarrh, bronchitis, and asthma, after she had been pronounced incurable by physicians. For nearly a quarter of a century Dr. Sage's Catarrh Remedy has been acknowledged as the favorite medicine for cold in the head, ozæna, and catarrh, while many physicians use it constantly in their practice, depending wholly upon it in this class of affections. We have only space for a few of the many thousand names of those cured, whose letters are on file in Dr. Pierce's office, at the World's Dispensary, Buffalo, N. Y. The following are among them:

E L Stewart, Carmi, Ill; R L Harper, Anderson, S C; J M Howard, Choctaw Agency, Miss; Allen Wood, Cuba, La; Theodore Jones, Cherry Point City, Ill; W S Stamps, Conuarge, Texas; Robt Martin, Brady, Pa; Sr Directress St Benedict's Academy, St Mary's, Pa; Samuel D Remick, Rockport, Mass; Thos J Bishop, 284 Thirteenth Street, Brooklyn, N Y; Chas Q Anderson, Brookville, Pa. A P Jones, Ringgold, La., says "the remedy is a God-send to the afflicted." Kate T Wardner, Ravenswood, W Va., says, "I owe my life to the remedy." MEMORIAL DAY IN NEW BERNE.

Excursion Trains from Both ends of the Road.--Governer Vance the Orator--Large Crowd.

[The New-Bernian]

The services were truly grand, surpassing anything in the history of Memorial celebrations in Nerbern since the war. The same magnificent turn-out in which His Excellency, Gov. Vance, was placed on his arrival here, under the escort of Assistant Marshal Meadows, first took up the Chaplain, Dr. Chapman, then the Mayor, John S. Long, Esq., and then the orator, Gov. Vance, at their several residences, and proceeded towards the Academy square. Opposite the Presbyterian Church, these official gentlemen were met by the military under Adjutant General Jones and Col. Hancock, and on the Academy Green, the immense procession, the largest we have ever seen in Newbern on such occasions, was formed according to the programme. The two splendid military companies of our city, and the Goldsboro Rifles, another imposing body of men, with the Governer, Mayor and Chaplain in their midst, lead the the long, winding column of fair women and brave men to the Cedar Grove Cemetery. There, after music from the choir, and a most solemn and impressive prayer from the Chaplian His Excellency proceeded with his address, which was a beautiful tribute to the dead soldiers, a powerful argument for memorial services, and altogether a splendid effort for such an occasion. It was brief, but its very brevity made it the more solemn and touching. After the benediction, a salute was fired by the soldiery over the mound that covers the mournful dust of the Confederate dead, and then the lavish tribute of rich and beautiful flowers was spread over the graves of the departed. Too much praise cannot be given to Marshal Manly and his aids, to the police regulations of City Marshal Hargett, for the graceful management of such a large and complicated procession, and for the orderly conduct of the immense crowd attendant upon the scene. The Silver Cornet Band contributed largely as it always does, to the thrilling interest of the occasion. Thus has passed one of the most stirring memorial celebrations ever witnessed in this State, and one long to be stored away in the recollection of our people. The country had poured its tide of population into the city, thus swelling the number of spectators and participants beyond anything previously known among us.

STATE NEWS.

The Temperance Echo, is soon to make its appearance in Hickory. It will be published monthly with Mr. H. M. Blair as editor.

The graves of the Federal dead who lie buried in Elmwood Cemetery, Charlotte, were decorated by the military companies of the city on memorial day. The Observer says, "this is an annual custom here, and one which is never neglected."

Lenoir Topic: The prospect throughout the county never looked better for a large crop of everything than it does at the present time. Farmers are a long ways ahead this year with their crops, and the amount that is being put in is larger than ever heretofore.

Monroe Enquirer: On last Wednesday morning it was discovered that Bethel church had been set on fire, and burned down the previous night. No positive cause can be assigned for the deed. This church belonged to the Pleasant Grove Circuit, and is the second church that circuit has lost by fire in the last six weeks.

Charlotte Observer: Gen. E. P. Alexander formerly superintendent of the Charlotte, Columbia & Augusta Railroad, has been elected president of the Georgia State road.....The third match game of base ball between the Davidson College club and the club of the Carolina Institute was played Saturday, at the Institute, resulting in a victory for the Davidson nine, by a score of 51 to 38. This game decided the championship between the clubs.

Blue Ridge Blade: The "rust" is taking hold of the growing crop of wheat, and serious apprehension is felt that the result will be disastrous. The hope now is for a dry season from this out till harvest. In any event, the crop will be cut short thousands and thousands of bushels in Burke, alone. So far, the disease or blight is confined to damp localities and places subject to fogs, as on the western side of large bodies of water.

Glances From the Burlington Hawkeye.

The Paris exposition has been formally opened and "the American restaurants have promptly advanced the price of kiln dried sandwiches to twenty-nine cents an ounce.

A word of caution to our readers—the supreme court of this State has decided that it is a misdemeanor to kill a lightning rod agent. Be sure you can pay the fine before you buy the gun.

Could'nt Mr. Edison invent some kind of a phone or graph that would be acted on by the cry of an infant in the night, so it would instantly grasp the cradle and rock like the tossing billows on the ocean's breast? We have thought a great deal on this subject, and in fact have a rude kind of machine that performs this labor with tolerable perfection, now, but it is rather complicated and as it wears our *robe de nuit*, and we have to wake up every time it operates, it doesn't just exactly fill the bill. Speak up, Mr. Edisons.

Hobart Pasha.

Paris Letter.

I had a view to-day of the great "blockader," Hobart Pasha. He looks browner and fatter than when he visited the ports of the "Confederacy" in the days when quinine created a mint of money and gray clothes cost a fortune. He is disgusted with the Turks and enraged with the Russians, saying how happy could I be with neither. But be he "Capt. Roberts," Hobart Pasha" or the Hon. Augustus Chas. Hobart, he is a true British "tar."

LETTER from Onslow lies over.

TEN Nights in a Bar Room has been running in Bakersville. The *Republican* does it up editorially.

ALL ku-klux prosecutions pending in South Carolina Federal Courts have been dismissed, and the President has pardoned the last remaining ku-klux.

THE Henderson correspondent of the NEWS says that tobacco brought fancy prices at that place last Friday, running from one to two hundred and fifty dollars per hundred.

AT the Bakersville Democratic meeting, Mitchell county declared for Hon. David Schenck for Chief Justice, Maj. A. C. Avery for District Judge, and J. M. Gudger for Solicitor.

THE Hickory *Press*, noting that Marion will try to put on the water brakes, the first Thursday in June, hopes prohibition will prevail, and wishes it obtained in all the townships of the State.

THE Norfolk *Landmark* gets off this conundrum :—Shall we burn our paws over Conkling's chestnuts? This refers to the proposed Florida investigation, and the difficulty seems to be to determine which, if any, are Mr. Conkling's chestnuts, and which uncle Sammy Tilden's. We must have out the Democratic chestnuts, burn whose paws the effort may.

ASHE COUNTY is much in the notion of Armfield for Congress, and the Piedmont *Press*, as everybody knows, says :—

Col. A. is a man of thorough legal qualifications, executive ability, and reasoning powers, is a fluent and eloquent speaker, and pre-eminently qualified to fill the exalted place to which the good people of Ashe seek to elevate him.

DON CAMERON's chances for the succession to the Senate are forecasted rather dubiously from a Republican standpoint in Pennsylvania. Between the Nationals, who will probably hold the balance of power, defection to Cameron in his own ranks, and the contingency of Democratic control of the Legislature, the prospects of the bridegroom of Klan-Cameron are not the most flattering to an ambitious soul.

IN the Congressional campaign this Fall, it is said the National Republican Committee has decided to set up several Northern outrage mills, and bloody shirt scare-crows at the South, in the hope of carrying many of the districts for Southern loyalists. Old Martin I. Townsend, of New York, is a specimen kidney of the kind coming. The South welcomes all such and their campaign expenditures among an impoverished people.

THE Lenoir *Topic* calls loudly for more country schools, and notes that two townships in Caldwell have no schools whatever. The *Topic* says the free school system is so deficient that it has actually done more harm than good by causing the people to depend on and wait for schools under it, and he bids the people wait no longer, but talk the matter over among themselves, and go to work and establish their own schools.

A CORRESPONDENT at Henderson mentions Captain Jo. Townes as a probable candidate for Superior Court Clerk of Granville; that he will make an acceptable officer to both parties; and for the first time since the war the Democratic ticket was triumphant in the municipal contest in that town. Thus with perseverence and firmness the gallant Democracy of Granville is gradually overcoming the heavy Republican majority thrust upon it by the enfranchisement of the colored people, and hopes are entertained for a Democratic Legislative ticket at the August election.

Election Frauds Investigation.

The Florida fraud resolutions were introduced yesterday by Hon. Clarkson N. Potter, demanding an investigation into the alleged and admitted frauds perpetrated in that State at the November election, 1876, whereby Hayes became President of the United States, when the people voted for Tilden. Republican parliamentary tactics and Democratic absenteeism postponed the passage of the resolution, and the House adjourned with the matter pending under a call for the previous question. It begins to look now as if we shall have the true inwardness of the Florida and Louisiana elections in authentic and durable form.

Wilmington and Weldon Railroad.

Hon. R. R. Bridgers, President of the Wilmington and Weldon Railroad, furnishes his special report to the stockholders, on receiving the road from its late lessee, the Wilmington, Columbia and Augusta, which, failing to pay the rental, surrendered the road and its property on the 15th of April.

The exhibit of the Treasurer shows that the company owns in good paying property and available assets, $3,446,-809.22; against a funded debt of $1,619,-100 00, and a floating debt of only $35,-713.99. The capital stock of the company is 14,562 shares, which, at par value of $100 each, gives the sum of $1,456,200 00.

The net earnings after payment of operating expenses and interest, have been used in payment of material and labor for improving the road and its property, to enable it to meet competition and to retain its business at competitive points. The betterment bonds, given as a collateral for money advanced to purchase rails, have been surrendered and cancelled. On the 1st of April there was $28,283.04 in the treasury to the use of the company. The 1st of July about $48,000.00 will be due for interest; the net earnings will pay this and leave something for the purchase of new rails.

A statement of the business of the road from October 1st, 1877, to April 1st, 1878, six months, shows the receipts from all sources to have been $307,563.72, of which $179,687.13 was from freights, and $99,233 90 from passenger traffick. The operating expenses for the same period were $165,105.72.

On this exhibit, the President notes that "there has been a further shrinkage of business as compared with the previous year; the loss has been chiefly on local business, because people raise more of their own supplies, and travel less." It is also stated that there has been a reduction in local rates since 1869, of about 36 per cent.

At the last annual meeting, a committee of five stockholders, consisting of Messrs. Fred. Phillips, of Tarboro, A. Branch, of Wilson, Wm. A. Wright, Donald McRae and Wm. H. McRary, of Wilmington, was appointed to examine the road and its equipments, and to compare present rates with those of former years. Their report appears together with that of the President, in which the condition and equipment of the road is stated to be highly satisfactory.

The report shows that since 1866, 14,977 tons of new rail have been laid, of which 1,709 was steel rail; 43 steel switches $4.515; 42 steel frogs $2,081.00 and six steel switches and frogs at $920,-.00. Improvement in buildings, shops, bridges, equipments, ballasting 130 miles of road-bed, filling in trestles &c. is put down at $265,970.00, of which $105,000 was for nine new locomotives, and $57,700 for new cars.

The President goes on to say: The property, during the lease, was much improved in value, the details of which are given in the report of J. F. Divine, Superintendent, to the Committee. Since the 1st of January, 1872, an annual average of 1,524 tons of new rail has been put in the track, more than double the quantity required had the track been in first-class condition at that time. The fact is noted that new rails will be required at an early day. The road-bed, crossties, ditches, rolling stock and most of the track is in first-class condition.

In the last annual report Superintendent Divine, a man of skill and experience, estimated, from actual count, twenty-nine miles of old rail, which has been in use about twenty-five years, and that 1,500 tons of new rail will be required to keep the track in first-class condition.

About one-half of the receipts are from competitive business, the success of which depends much on the condition of the track, especially in the passenger business, since the introduction of first-class ocean steamships to compete for the travel to Florida and the Coast Cities.

It is for the Stockholders to decide the policy for the renewal of the track: Shall dividends be entirely suspended until the same is put in first-class condition for competitive business? or, small dividends be made and the time of repairs be extended over a longer period of time, with less efficiency of track for service and with greater operating expenses?

The report concludes:—If new rail was in the place of the old, the present year's business would yield from 6 to 7 per cent. dividend on the capital stock, notwithstanding the decrease of receipts as compared with the preceding year.

Judicial Convention.

The nominating convention of the Eighth Judicial District meets at Hickory, on Wednesday the 29th inst. The contest for the Judgeship lies between gentlemen of the Democratic party, as there is not the least intimation of a candidate from the Republican side, and all the counties of the District combined gave Gov. Vance a majority over Settle of 5,637 votes. Among the lawyers mentioned in connection with the nomination the convention cannot go amiss. Any one of them would make a good judge. The contest up to this time has been a model one, as far as we can see. There have been no public attempts at personal defamation. No war is being waged by the friends of the candidates, upon each other's favorites. This is highly commendable, and that it will result in good to the party is not among things doubtful.

THE Greensboro *North State*, organ of the Republican party in North Carolina, is complacent over the situation; says its party is in good shape, and, after November, Democrats will have no good reason to complain of general apathy in that party. Blow or no blow, it is well for the Democracy to keep in line of battle.

SAVE YOUR HAIR! TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S KATHAIRON,

discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

BESIDES BEING THE BEST HAIR DRESSING EVER PRODUCED, LYON'S KATHAIRON WILL POSITIVELY PREVENT GRAYNESS, AND WILL RESTORE NEW HAIR TO BALD HEADS, if the roots and follicles are not destroyed.

It usually performs these seeming miracles of which the following is

A FAIR SPECIMEN.

I had been entirely bald for several years constitutional, I suppose. I used a few bottles of Kathairon, and to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.
1. To Cure Baldness.
2. To Restore Gray Hair
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair, and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

M. Shiskin, the Russian minister to this country, is about to remove his official headquarters from Washington to New York.

Mayor Kane continues to improve, his arm and leg being much better. He remains up most of the time, and receives his more intimate friends.

Gen. Ord and Gov. Hubbard, of Texas, have been in consultation at Austin on frontier affairs. It is reported Escobedo has returned to New Orleans.

Peter Cooper is at his Limestone Springs farm, near Spartanburg, which he proposes to donate to the State of South Carolina for a State Industrial College. Spartanburg is going to ovate him.

Mr. T. B. Ferguson, fish commissioner of the State of Maryland, will sail for Europe from New York. He is the inventor of the improved process of artificial shad-hatching which he this spring employed on the Albemarle Sound.

It is undecided so far whether the council of Bishops to consider the case of the aspersed Bishop of Michigan may be held in New York or elsewhere. Dr. McCoskry remains there yet, at the house of his relative, Dr. Mason, sequestered from idle observers, and, it is said, in broken health.

Secretary Thompson and party are making a tour of the inland waters of our State, visiting Nag's Head, the scene of the Huron disaster, and the fish-hatching grounds on the Albemarle Sound. It is a mistake to say that the Liverpool consulship, to which ex-Marshal Packard, of Louisiana, has been appointed, is the best office in the gift of the President now. It was so until 1874, when the salary was fixed at $6,000, and all the fees required to be turned into the treasury. These fees, which before were the perquisites of the office, in 1876 amounted to $42,174.

The committee discussed a plan of systematic organization throughout the country. Reports from various sections showed the party to be already well organized.

Wallack's Orchestra.

The orchestra of Wallack's Theatre, New York, is famous for its extraordinary precision. This is due entirely to Thomas Baker, an Englishman, who has conducted it for years. Mr. Baker used to suffer terribly from rheumatism, but now is as supple and nimble as a schoolboy. He ascribes his freedom, as he ought, to Giles' Liniment Iodide Ammonia.

SUNDAY SERVICES.

Sermons from our City Pulpits.

By a strange coincidence the pulpits of six of our churches were deserted by their regular occupants, the pastors absent being those of the Salisbury Street Baptist. Edenton Street Methodist, Christ Church, Church of the Good Shepherd, and the First and Second Presbyterian Churches. In most of these, services were conducted, and we give below a synopsis of the remarks of the various divines:

PERSON STREET, METHODIST.

The day's services were conducted by the pastor, Rev. W. C. Norman, who preached in the morning from the text, "If any man come unto me and hate not father and mother, etc., he cannot be my disciple." Herein is set forth the law of discipleship. There are three conditions made necessary. First, our religious convictions must be stronger than our social ties. Second, they must be stronger than our love for self; and finally, we are to bear whatever cross duty may demand.

In the evening he discoursed from the text, "Be courteous." His theme was the christian gentleman. The same Divine word that forbids violent aggression upon the rights of our fellows—also inculcates in its spirit and its direct teaching, all that propriety and kindness of manner due one to another that makes social life a fountain of happiness to its participants. A perfect christian is a perfect gentleman

SALISBURY STREET BAPTIST.

In the absence of Dr. T. H. Pritchard, Rev. J. P. Pritchard preached the sermon in the morning from Matt. xi: 28. "Come unto me all ye that labor and are heavy laden, and I will give you rest." The speaker said this was an invitation and command of the Lord Jesus Christ, and is addressed to those who are burdened with a sense of sin. Jesus Christ came as Mediator between God and man, and was authorized—had full power to settle the difficulty and arrange the terms. There was a perfect understanding between God the Father and God the Son, and consequently there can be no possible mistake in the arrangement that has been made. Rest, peace, and satisfaction are what the sin-burdened soul seeks, and nothing but a sense of forgiveness will relieve the burden. This Jesus promises, and is His gift, and is attained in no other way but by coming to Him.

The sermon in the evening was by the Rev. Mr. Burwell, of the Peace Institute, who took his text from 2 Cor., vi: 2. "Behold, now is the accepted time; behold, now is the day of Salvation!" In the affairs of time, however trivial and unimportant the object, there is always an accepted time; and, ordinarily, that man is most successful who strikes at the opportune moment. This principle is alike applicable to things spiritual and eternal, and is of as much more moment, as the soul is more important than the body, and eternity than time. A day of salvation implies light, and that the time is short. The day may pass, and the opportunity be lost. No man can tell when the day will end. It will certainly end in death, and death may come at any time. Life is the day in which the work must be done. The great mistake is in putting off the day of salvation to maturer years, when the cares and anxieties of life shall press us hard, or to old age, with its infirmities and feebleness.

CHRIST CHURCH.

The morning services were conducted by the Rev. Mr. Higgs, of Jackson, assisted by Rt. Rev. T. B. Lyman, Assistant Bishop of this Diocese. The sermon was upon the subject of Faith, and the doubting Thomas was taken as an example.

The services in the afternoon were by Bishop Lyman.

FIRST PRESBYTERIAN.

The day's services were conducted by Rev. J. S. Watkins, of Charlotte county, Va.

ST. JOHN'S, CATHOLIC.

At this church there was celebrated High Mass at 11 a. m., Father White at its conclusion delivered a sermon. In the afternoon there were Vespers, concluded by the Benediction.

Board of Aldermen.

This body met last evening. The oath of office was administered to Mayor Manly by Alderman Magnin.

A resolution was introduced by Ald. Blake that all the officers elected at the meeting be furnished at once with their official bonds, and present the same properly justified, to the Finance committee by to-day at 8 P. M., said committee to report at the meeting of the Board this evening; and that such officer failing to comply, his office shall be declared vacant and be at once filled.

The following resolution was offered as additional to the above: That the bonds to be given by the officers be fixed by the Board after their election, and the right to so fix amount is expressly reserved by the Board.

The following was also offered, to be added to the above: That chapter XIII, section 2, be repealed. That it be referred to a committee of two to define the duties of Tax Collector and Clerk of the Board, and to report a substitute for the consideration of the Board. The resolution, with additions, was then adopted.

On motion of Alderman Blake, the office of Book Keeper was created. The question of the amount of his salary was referred to a committee. For the position of Book-Keeper, Messrs. C. W. Lambeth and C. D. Christophers were nominated. Mr. Lambeth was elected by 10 to 6.

For Tax Collector, A D Royster and Sylvester Smith were nominated; Royster elected, the vote made unanimous.

For Chief of Police, Messrs W A Price and W G Briggs were nominated. Mr Price was elected, and the vote made unanimous.

For Janitor—Wm. Carter was elected by acclamation.

For Street Commissioner, Messrs. J. M. Betts and O. D. Lipscomb were nominated. Mr. Betts received 10 votes, and was declared elected.

For the position of City Attorney, Messrs. Fab. H. Busbee and Walter Clark were nominated. Mr. Busbee was elected, and it was made unanimous.

For City Treasurer, Mr. L. D. Heartt was elected by acclamation.

Mr. C. C. Crow was elected as Auditor, by acclamation.

For Keeper of the Market, Mr. C. Battle Fowler and I. D. Smith were nominated, and Mr. Fowler elected.

Alderman Blake then offered the following resolution: "That the bonds of the officers elect be as follows: Tax Collector, $2,500; Clerk and Bookkeeper, $1,000; Treasurer, $50,000; Auditor, $1,000; Street Commissioner, $40,000; Chief of Police, $40,000; all these to give the bonds, properly qustified by to-day at 8 P. M., in accordance with a former a resolution.

After a vast deal of discussion and much excitement, the resolution was adopted by a vote of 9 to 7.

Alderman Hardie gave notice that he tendered his resignation as a member of the Board.

Adjourned to meet this evening at 8:30.

——The probate Judge has published a list of the deeds, mortgages etc., held by him for fees. The list is posted on the bulletin-board at the Court-House.

State Guard Gossip.

During the Memorial ceremonies in Wilmington, just as the Whiting Rifles were about to present their offering in honor of the lamented Whiting, Captain T. C. DeRosset was seen to fall suddenly to the ground, just as he had finished issuing an order to his company. Physicians were called in and it was ascertained that his entire left side had been stricken with paralysis. At last account his condition was improved.

The Goldsboro Rifles, who participated in the Decoration ceremonies at New Berne, decorated the graves of their own dead in Goldsboro. They then left for New Berne, thus having aided in two decorations within 24 hours, at places 60 miles apart.

Magistrate's Court.

The case of the State vs. Martin Mott, and others, for keeping a disorderly house, at a place on the old Fair Grounds, was tried before Justice C. D. Upchurch. The result was that the case was dismissed upon payment of costs.

Justice Magnin tried B. H. Pearce, white, for an assault on a son of Mr. P. Francis, with a wagon whip. He was fined one penny and costs.

Alfred Pearce, colored, for assault on Eliza Heartt, was dismissed with a reprimand.

Kerosene Kindling Kills.

A glance at the roll of accidents will show how productive of disaster is the use of kerosene in inducing a refractory fire to burn vigorously. Yet another example of warning was given at Henderson on Sunday last. A colored girl attempted to kindle a fire in the cooking stove, when the can of oil exploded, and instantly enveloped her in flames. Her injuries were so serious that she died that night. The blazing oil was thrown over the room, and it was with the greatest difficulty that the house was saved.

A. C. Sanders & Co., have secured the agency for Gail & Ax's celebrated Scotch Snuff, put up tin boxes and bladders. They have now a fresh stock on hand, and are prepared to sell to merchants at Factory prices. They guarantee this Snuff equal to any on the market.

Fly Fans.

Anything that will drive away those summer pests—flies—will be welcomed by everyone. Something to supersede the old negro-power feather frighteners, and which will be self-acting, will surely be sought after as the one thing needful. At last the best thing for the purpose has been discovered, and is found in the new Fly Fans, iron and steel, for sale at Brewster's.

Mr. J. L. Stone, General Agent for "Light Running" New Home Sewing Machine, invites the ladies to call at his warerooms on Fayetteville Street. He has sold several of the above named machines in our place, and can give any reference that is desired.

A Tranquil Nervous System

Can never be possessed by those whose digestive and assimilative organs are in a state of chronic disorder. Weak stomachs make weak nerves. To restore vigor and quietude to the latter, the first must be invigorated and regulated. The ordinary sedatives may tranquilize the nerves for a while, but they can never like Hostetter's Stomach Bitters, remove the causes of nervous debility. That superb invigorant and corrective of disordered conditions of the alimentary organs has also the effect of imparting tone to the nerves. The delicate tissues of which they are constituted, when weakened in consequence of impoverishment of the blood, resulting from imperfect digestion and assimilation, draw strength from the fund of vitality developed in the system by the Bitters, which imparts the required impetus to the nutritive functions of the stomach, enriches the circulation, and gives tone and regularity to the secretive and evacuative organs.

DRY GOODS.

Good Morning.

The latest news by Telephone, the great American through line, no time to stop at way stations.

New Goods Received at CREECH'S

BY EVERY TRAIN.

I am now receiving my Spring Stock bought within the last ten days in a depressed market after the rush of business was over and goods had fallen. In fact I bought them at hard pan and panic prices, and can safely say that never in the history of the dry goods business have I been better prepared to sell good so uniformly cheap. And so as to give my customers a bird's eye view, I will quote a few prices:

50,000 Yards

NEW AND HANDSOME

SPRING PRINTS,

From 5 to 7 cents.

10,000 Yards New and handsome PRINTED UNION LAWNS,

At 10 cents, worth 15 cents;

10,000 YARDS PRINTED CORDED LAWNS, at 10 cents, cheap at 15 cents;

5,000 yards Solid French Grenadine at 7½ cents, cost 20 cents to import;

5,000 yards Poplin Lustres, new and handsome shades, at 5 cents, worth 25 cents.

New and handsome styles of finer Dress Goods at correspondingly low prices. Three yards White Corded Pique for 30 cents, and one yard thrown in extra; 3 pair White Hose for 25 cents, and one pair thrown in extra; Ladies Embroidered Collars at 5 cents each, ought to bring 15 cents; plain Collars, 3 for 10 cents, and one thrown in extra; Ladies Cloth Gaiters, to arrive in a few days, at 50 cents. These prices ought to unwrap the the string from around the panic stricken purses, and come to Creech's.
